QJMOTOR AVINTIA RACING FINISHES THE GRAND PRIX OF PORTUGAL OUT OF THE POINTS

The QJMotor Avintia Racing riders finish the Portuguese Grand Prix race outside the points. Matteo Bertelle finished in eighteenth position just eighteen thousandths ahead of Elia Bartolini.

After a whole weekend marked by heavy rains, the Autodromo Internacional do Algarve woke up completely dry. All the drivers started the race blind, without having raced before in these conditions.

The race started at 11:20 local time, Elia Bartolini starting the race from twenty-fifth position, followed by his teammate Matteo Bertelle. Both made a clean start, and together they were recovering positions. Elia Bartolini finished in nineteenth place, just eighteen thousandths behind his teammate.

Next weekend the Spanish Grand Prix will take place at the Ángel Nieto Circuit in Jerez, the sixth round of the season.

#23 ELIA BARTOLINI - P19

“The race went quite well even though we weren't able to test the bike enough before leaving. We made a good comeback, but unfortunately on the last lap I had a little contact with a rider that prevented me from finishing further on.”
